

Critical Insights: The American Comic Book

"I was pleasantly surprised in this regard when reading through the Salem Press volume *The American Comic Book*, part of their *Critical Insights* series. Edited by Joseph Michael Sommers of Central Michigan University, **this collection of essays provides a wonderful overview of many facets of the comics medium from a roster of credentialed theorists.** The **chapters are consistently well researched and written**, offering **valuable insight** into the world of comics and graphic novels both in print and in the digital era...

It is refreshing to see a print work that is so "in the know" as to references thoughts of fans and creators... I really can't recommend *The American Comic Book* enough to **libraries looking for critical works in comics, film, or pop culture in general.** As part of Salem's *Critical Insights* series, purchase comes with **access to the Salem Literature database.**"
