

# Critical Survey of Graphic Novels: Manga

“The descriptions and analyses offered for each work are generally erudite and insightful... Libraries supporting course work related to manga will want to invest in this expansive volume... Recommended”

*-CHOICE*

“This impeccable reference work will prove useful to librarians and fans wanting to know what to buy as well as for scholars studying the medium.”

*-Library Journal*

“This work analyzes manga's most important titles to give English-speaking, Western readers a fuller image of what manga is, both through its history and in the present...Recommended.”

*-Library Journal*

“The second edition of this popular reference work discusses **sixty-five highly regarded works in the manga medium**. Each essay is between three and four pages in length, with bibliographic information leading into a structured text divided into the following sections: publication history, plot, volumes, characters, style, themes, and impact... **For those interested in manga, this book provides comprehensive information on the most popular and influential manga novels of recent years.**”

*-ARBA, 2019*
