

# *Defining Documents in World History: Pandemics, Plagues & Public Health*

**Featured in *Library Journal's*  
Best of the Reference Backlist**

“As Shally-Jensen reminds us, this isn’t the first time that the world has encountered a major disease. This set takes readers back in history to learn about the bubonic plague, typhus, and public health issues related to overcrowding, child labor, industrial illnesses, and war. **Primary source documents and factual essays offer engaging overviews of important issues.**”
