

# Great Events from History: The Middle Ages

“*Events* has a **great deal of new content**, and because it has not been updated in quite some time, this revision is welcome and **recommended for high school, undergraduate, and public libraries.**”

*-Booklist, 2005*

“**This set is recommended for all libraries.**”

*-ARBA, 2005*

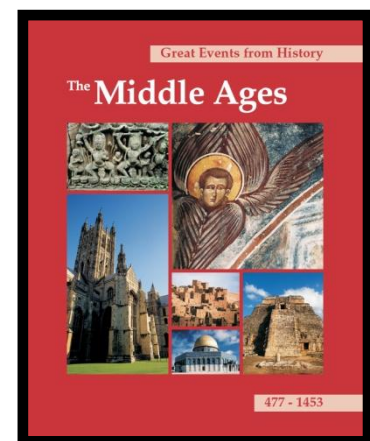

“**Students studying the Middle Ages will find 322 events from this time period to help them.** This second entry in the series follows the end date of *The Ancient World* and closes in 1453. Events are arranged in chronological order and **this integration of information allows the reader to trace what was happening in other parts of the globe while studying the history of one area.** Providing a timeline will be very helpful to world history teachers and students...”

Students needing help in choosing research topics will find **interesting concepts, locations and people to delve into** once they have mastered how to find information. The world coverage moves beyond the European background most usually studied and **offers a global view.**

**Recommended.”**
