

# Parenting: Skills & Strategies

**“Almost 90 academicians, scholars, and medical experts contributed to this guide on parenting. After the 2-page introduction, the content consists of nearly 100 alphabetically arranged topics, from "Abused Parents" to "Twin Studies." Topics deal with physical issues, health, sexual issues, abuse, emotions, parenting styles, and more...**

**...Each entry begins with an introduction and background information, then provides relevant details and ends with listings of contributors and reference materials. A glossary, list of websites, mediagraphy, extensive bibliography, and subject index conclude the volume. Writing is clear and professional in tone..."**
