

CONTENTS

Publisher's Note	vii	Dermatitis	134
Introduction	ix	Ear infections and disorders	141
Contributors	xi	Eosinophilic esophagitis	148
<hr/>			
Immune System	1	Food allergies	151
Antibodies	3	Food allergy testing panels	155
B-Lymphocytes	5	Hay fever	159
Endocrine disorders	10	Hives	162
Endocrinology	15	Itching	163
Endocrinology, pediatric	20	Mold and mildew	165
Home Health	22	Prevention of viral infections	167
Host-defense mechanisms	25	<hr/>	
Hybridomas and monoclonal antibodies	31	Immune System Diseases	171
Immune response	37	Immune Deficiencies	
Immune response to bacterial infections	42	Acquired immunodeficiency syndrome (AIDS)	173
Immune response to fungal infections	45	Human immunodeficiency virus (HIV)	179
Immune response to viral infections	47	HIV/AIDS-related cancers	183
Immunization and infectious disease	49	Kaposi's sarcoma	187
Immunology	56	Kawasaki disease	189
Immunopathology	62	Leukemia	191
Inflammation	64	Leukopenia	200
Metchnikoff advances the cellular theory		Lymphocytosis	202
of immunity	67	Ménière's disease	204
Neutrophil	70	Metabolic disorders	205
Rheumatology	72	Neutropenia	210
T Lymphocytes	78	Purine nucleoside phosphorylase (PNP)	
Vaccine types	82	deficiency	211
<hr/>			
Immune System and Genetics	89	Severe combined immunodeficiency	
Agammaglobulinemia and genetics	91	syndrome (SCID)	214
Allergies and genetics	93	T-cell immunodeficiency syndrome	217
Antibodies and genetics	97	Autoimmune Diseases	
Genetic diseases	103	Addison's disease	221
Immunogenetics	109	Autoimmune disorders	223
<hr/>			
Allergies	115	Autoimmune polyglandular syndrome	231
Allergic bronchopulmonary aspergillosis	117	Congenital hypothyroidism	234
Allergies	118	Crohn's disease	236
Allergist and immunologist	127	Cushing's syndrome	241
Bites and stings	129	Diabetes mellitus	245
Coughing	132	Eczema	254
		Graft-versus-host disease (GVHD)	255
		Guillain-Barré syndrome	259
		Hashimoto's thyroiditis	264

Histiocytosis	266	Rhinitis	388
Hyperthyroidism	267	Rhinoviruses	391
Idiopathic thrombocytopenic purpura	271	Roseola	393
Juvenile idiopathic arthritis	273	Shingles	396
Multiple sclerosis	276	Sinusitis	399
Myasthenia gravis	282	Skin disorders	402
Myositis	285		
Psoriasis and psoriatic arthritis	287	Medications	407
Rheumatoid arthritis	296		
Sjögren's syndrome	300	Prescription Medications	
Spondylitis	302	Anti-inflammatory drugs	409
Systemic lupus erythematosus (SLE)	304	Antihistamines	414
Thyroid disorders	310	Antiviral drugs: Mechanisms of action	418
Ulcerative colitis	313	Antiviral drugs: Types	422
Uveitis	316	Biological therapies	426
Vasculitis	318	Corticosteroids	433
Vitiligo	321	Decongestants	438
		Immunotherapy	440
Diseases	325	Sublingual immunotherapy	447
Anemia	327	Theophylline	450
Blood and blood disorders	332		
Coronavirus infections	338	Natural Products, Herbal Supplements, and Other Alternatives	
COVID-19 disease	341	Idiopathic environmental intolerances	455
Cytomegalovirus (CMV)	345	Immune support	458
Epstein-Barr virus	348	Natural treatments for allergies	460
Goiter	352	Natural treatments for asthma	464
Impetigo	354	Natural treatments for lupus	470
Influenza	356	Natural treatments for rheumatoid arthritis	472
Insect-borne diseases	361		
Measles	368	Bibliography	477
Nasopharyngeal disorders	371	Glossary	505
Osteoarthritis	377	Organizations	525
Rashes	385	Subject Index	531
