

# CONTENTS

Publisher's Note . . . . .	ix	Caffeine Addiction . . . . .	159
Introduction . . . . .	xi	Caffeine and Mental Health . . . . .	162
Contributors . . . . .	xv	Caffeine's Effects on the Body . . . . .	164
<hr/>			
<b>Blood Pressure and Hypertension</b>			
Adrenal Glands . . . . .	1	Cardiomyopathy . . . . .	169
Aging and Genetics . . . . .	7	Cocaine and its Effects . . . . .	176
Aging: Biological, Psychological, and Sociocultural Perspectives . . . . .	13	Congenital Adrenal Hyperplasia . . . . .	180
Aging Process . . . . .	26	Corticosteroids . . . . .	183
Aldosterone . . . . .	34	Cushing Syndrome . . . . .	188
Angiotensin-Converting Enzyme (ACE) Inhibitors and Angiotensin II Receptor Blockers (ARBs) . . . . .	37	Cushing Syndrome and Cancer . . . . .	193
Blood Pressure . . . . .	41	Diabetes Mellitus Type 2: Hypertension Risk . . . . .	195
Blood Vessels . . . . .	44	Energy Drinks . . . . .	198
Carbonic Anhydrase . . . . .	51	Hairy Cell Leukemia . . . . .	201
Echocardiography . . . . .	54	Hallucinogen's Effects on the Body . . . . .	205
Electrocardiography (ECG or EKG) . . . . .	57	Hemochromatosis . . . . .	209
General Adaptation Syndrome (GAS) . . . . .	60	High Sodium Diet: Health Risks . . . . .	211
Heart . . . . .	65	Hypertension and Sodium . . . . .	214
Human Genetics . . . . .	72	Hyperthyroidism (CAM) . . . . .	217
Hypertension . . . . .	78	Hyperthyroidism and Hypothyroidism . . . . .	221
Iron . . . . .	86	Hypokalemia . . . . .	229
Kidneys . . . . .	90	Illnesses Among Older Adults . . . . .	233
Renin-Angiotensin-Aldosterone System (RAAS) . . . . .	97	Kidney Disorders . . . . .	240
Sodium . . . . .	104	Leukemia . . . . .	246
Thyroid Gland . . . . .	107	Lysergic Acid Diethylamide (LSD) . . . . .	258
Vasopressin (Antidiuretic Hormone) . . . . .	114	Marijuana . . . . .	261
<hr/>			
<b>Causes of Hypertension</b>			
Alcohol Abuse: Older Adults . . . . .	119	Nephritis . . . . .	264
Alcoholism . . . . .	123	Nephrotic Syndrome . . . . .	268
Alcohol's Effects on the Body . . . . .	130	Neuroendocrine Tumors and Carcinoid Syndrome . . . . .	274
Amphetamine . . . . .	136	Neurofibromatosis . . . . .	280
Amphetamine Misuse . . . . .	139	Obesity . . . . .	283
Birth Control Pill . . . . .	143	Obesity and Genetics . . . . .	291
Birth Control Pills and Cancer . . . . .	147	Obesity, Childhood . . . . .	296
Blood and Blood Disorders . . . . .	149	Palpitations . . . . .	299
Caffeinated Alcoholic Drinks . . . . .	156	Phencyclidine (PCP) . . . . .	301
Caffeine . . . . .	157	Pheochromocytomas . . . . .	303
		Polycystic Kidney Disease . . . . .	306
		Polycythemia Vera . . . . .	309
		Post-Traumatic Stress (PTS) . . . . .	311
		Preeclampsia and Pregnancy-Induced Hypertension . . . . .	316
		Pulmonary Hypertension . . . . .	321
		Raynaud's Phenomenon . . . . .	324

Sexual Stimulant Misuse . . . . .	325
Smoking . . . . .	326
Smoking's Effects on the Body . . . . .	330
Steroid Hormones . . . . .	334
Stimulant Misuse . . . . .	339
Stimulants' Effects on the Body . . . . .	341
Stress . . . . .	344
Stress and Alcohol . . . . .	350
Stress and Coping Skills . . . . .	351
Stress and Drug Misuse . . . . .	355
Stress and Smoking . . . . .	356
Stress: Behavioral and Psychological Responses . . . . .	359
Stress: Physiological Responses . . . . .	365
Stress-Related Diseases . . . . .	370
Stress: Theories . . . . .	376
Substance Abuse . . . . .	380
Sugar-Sweetened Soft Drinks . . . . .	384
Syndrome of Inappropriate Antidiuretic Hormone Production (SIADH) . . . . .	387
Type A Behavior Pattern . . . . .	389

---

### Consequences of Hypertension

Angina Pectoris . . . . .	395
Atherosclerosis . . . . .	400
Atrial Fibrillation . . . . .	406
Bell Palsy . . . . .	410
Coronary Artery Disease: Nonmodifiable Risk Factors . . . . .	413
Coronary Artery Disease: Novel (Nontraditional) Cardiac Risk Factors . . . . .	416
Headaches . . . . .	418
Heart Attack . . . . .	427
Heart Attacks and Substance Misuse . . . . .	433
Heart Disease . . . . .	434
Heart Disease and Genetics . . . . .	441
Heart Failure . . . . .	445
Heart Transplantation . . . . .	452
Hypercholesterolemia . . . . .	455
Strokes . . . . .	458
Tremors . . . . .	465
Triple Whammy . . . . .	467

---

### Medical Treatments for Hypertension

Adrenalectomy . . . . .	471
Angioplasty . . . . .	473
Anti-Aging Treatments . . . . .	475
Antihypertensives . . . . .	480
Beta-Blockers . . . . .	488
Blood Testing . . . . .	496
Calcium Channel Blockers (CCBs) . . . . .	499
Cyclosporine . . . . .	503
Diuretics . . . . .	505
Geriatrics and Gerontology . . . . .	509
Health Care for Older Adults . . . . .	514
Hydralazine . . . . .	520
Hyperventilation . . . . .	523
Psychopharmacological Therapies . . . . .	525
Sympathectomy . . . . .	538
Thyroidectomy . . . . .	540

---

### Nonmedical Treatments for Hypertension

Art Therapy . . . . .	543
Atherosclerosis and Heart Disease Prevention . . . . .	545
Autogenic Training . . . . .	552
Biofeedback . . . . .	554
Biorhythms . . . . .	557
Diet and Mortality . . . . .	559
Diet, Atherogenic . . . . .	562
Exercise . . . . .	566
Exercise-Based Therapies . . . . .	569
Exercise Physiology . . . . .	572
Healthy Eating for the Heart . . . . .	578
Hypertension (Complementary and Alternative Medicine) . . . . .	582
Hypertension, Blacks, and the DASH Diet . . . . .	588
Hypertension, Blood Pressure, and Soy Protein . . . . .	590
Manipulative and Body-Based Practices . . . . .	593
Meditation . . . . .	595
Music Therapy . . . . .	599
Nutrition and Aging . . . . .	603
Nutrition-Based Therapies . . . . .	609
Relaxation Therapies . . . . .	612
Self-Care . . . . .	617
Smoking Cessation . . . . .	620
Transcendental Meditation . . . . .	623

Walking . . . . . 625  
 Wellness Therapies . . . . . 628

---

**Socioeconomic Factors of Hypertension**

Black Americans and Aging . . . . . 633  
 Black Americans and Mental Health . . . . . 638  
 Black Americans & Poverty: Psychosocial  
     Issues . . . . . 642  
 Hispanic Americans & Poverty: Psychosocial  
     Issues . . . . . 645  
 Military Personnel & Veterans: Poverty . . . . . 649  
 Military Personnel & Veterans: Psychosocial  
     Effects of Poverty . . . . . 652

Native Americans & Poverty: Psychosocial  
     Issues . . . . . 654  
 Poverty and Older Americans . . . . . 658  
 Poverty and Substance Misuse. . . . . 663  
 Poverty in the United States: Psychosocial  
     Effects on Adults. . . . . 666  
 Poverty in the United States: Psychosocial  
     Issues for Children . . . . . 669  
  
 Bibliography . . . . . 675  
 Glossary . . . . . 715  
 Organizations . . . . . 745  
 Subject Index. . . . . 751
