Volume 1

Publisher's Note	vii	Anal cancer97
Editor's Introduction	ix	Analgesic.99
List of Contributors	xi	Anatomy	102
Complete List of Contents	xvii	Anemia.	107
Abdomen	1	Angina	111
Abdominal disorders	5	Anorexia nervosa	112
Abortion	9	Anorexia nervosa and osteoporosis	114
Abuse of the elderly.	14	Anorexia nervosa treatment types	116
Abusive relationships	15	Antianxiety drugs	118
Acne	17	Antidepressants	121
Acquired immunodeficiency syndrome (AIDS)	23	Antioxidants	124
Addiction	29	Anxiety.	126
Adolescent pregnancy	35	Apgar score	130
Adolescent pregnancy and abortion trends	38	Aphrodisiacs	131
Adolescent pregnancy prevention:		Arthritis	132
Beyond abstinence	40	Assisted reproductive technologies.	139
Adolescent pregnancy prevention: Emergency		Attention-deficit/hyperactivity disorder (ADHD).	144
contraception	42	Auras.	149
Adolescent pregnancy prevention: Female		Autoimmune disorders	151
contraception methods	45	Back pain	156
Adolescent pregnancy prevention:		Bipolar disorder.	158
Non-hormonal contraception	49	Birth defects	161
Adolescent pregnancy prevention:		Bladder cancer	166
Progestin-only contraception	51	Bladder removal.	167
Adolescent sexuality.	55	Blue baby syndrome.	169
Adolescent violence perpetrators: Gender		Body dysmorphic disorder	170
differences	57	Bonding	172
Adolescent violence victims: Gender		Botulinum toxin.	174
differences	59	Brain disorders	175
Adolescents and substance use disorders:		Breast biopsy.	180
Risk-taking sexual behavior	61	Breast cancer	181
Aerobics	63	Breast cancer recurrence and nutrition	187
Aging.	65	Breast cancer risk factors	188
Aging: Extended care	70	Breast cancer's effect on family.	190
Alcohol use disorder	76	Breast disorders	192
Alcohol use disorder during pregnancy	79	Breastfeeding	194
Alopecia	81	Breastfeeding and breast cancer	200
Alzheimer's disease	85	Breastfeeding and childhood obesity	201
Amenorrhea	89	Breastfeeding: Global trends and practices	202
Amniocentesis	90	Breastfeeding and postpartum depression.	205
Amniotic fluid	95	Breastfeeding and psychiatric medications	208
		Breastfeeding and smoking.	210

SALEM HEALTH: WOMEN'S HEALTH

Breastfeeding and working mothers	213	Down syndrome	344
Breastfeeding initiation and duration	215	Dysmenorrhea.	350
Breasts	218	Eating disorders.	352
Breast surgery	222	Eating disorders in patients with Type 1	
Bulimia nervosa	225	diabetes.	357
Bunions	227	Ectopic pregnancy	360
Cancer	229	Eczema.	362
Candidiasis	233	Embolization	364
Carbohydrates.	238	Embryology	365
Carpal tunnel syndrome	240	Endocrine disorders	370
Cartilage	242	Endocrine glands	376
Celiac sprue	245	Endocrinology.	378
Cervical procedures.	246	Endometrial biopsy	383
Cervical cancer risk factors	249	Endometrial cancer and nutrition	384
Cervical dysplasia	250	Endometrial cancer risk factors	388
Cervical, ovarian, and uterine cancers	252	Endometriosis	391
Cesarean section	257	Environmental diseases	396
Childbirth	259	Facelift and blepharoplasty	402
Childbirth complications	264	Fallopian tubes	404
Childhood infectious diseases	267	Family-centered care	405
Chlamydia	271	Family medicine.	406
Chlamydia and gonorrhea in adolescents	274	Fatigue	412
Chlamydia risk factors	277	Fetal alcohol syndrome	417
Chorionic villus sampling.	279	Fetal surgery.	418
Chronic fatigue syndrome	281	Fetal tissue transplantation	421
Circumcision and genital mutilation.	285	Fetus	426
Cluster headaches	288	Fibrocystic breast condition	429
Colic	289	Fibromyalgia.	431
Collagen	291	Folate deficiency	434
Collodion baby	293	Galactorrhea.	438
Conception	294	Gamete intrafallopian transfer (GIFT)	440
Constipation in older adults	298	Gender confirmation surgery (GCS)	442
Contraception.	300	Gender dysphoria	445
Cryosurgery	305	Genital disorders	448
Culdocentesis	307	Glands	452
Cyst removal	308	Gonorrhea.	457
Cystitis	310	Gynecology	459
Cysts	313	Hair	464
Date rape	316	Hashimoto's thyroiditis	467
Depression.	320	Headaches.	468
Dermatitis	326	Heart attack	471
Dermatology.	331	Heart disease	476
Dermatopathology	336	Herpes	481
Dietary reference intakes (DRIs).	338	Hormone replacement therapy: Risk for stroke	483
Divorce.	339	Hormone therapy.	485
Divorce's psychosocial effects.	343	Hormones	488

Volume 2

Human immunodeficiency virus (HIV)	493	Menstruation	599
Human papillomavirus (HPV)	495	Migraine headache	604
Hypersexual disorder	497	Miscarriage	606
Hyperthyroidism and hypothyroidism	501	Miscarriage, stillbirth, perinatal death	
Hypogonadism	504	risk factors	608
Hysterectomy	506	Multiple births.	610
Immunodeficiency disorders	512	Multiple sclerosis	615
In vitro fertilization	516	Myomectomy	620
Infertility.	521	Nails	622
Intersex	526	Nail removal.	626
Intimate partner violence.	528	Neonatal brachial plexus palsy	627
Intimate partner violence and pregnancy	529	Neonatology.	631
Intimate partner violence in same-sex		Nursing	635
relationships	532	Obstetrics	641
Intimate partner violence: Women as		Opportunistic infections	644
perpetrators	534	Orthorexia nervosa	648
Intimate partner violence: Women as		Osteoarthritis	650
victims	537	Ovarian cysts.	652
Iron	540	Ovaries.	654
Irritable bowel syndrome (IBS)	544	Pap test	657
Ketogenic diet in adults.	549	Pediatrics	658
Laparoscopy	551	Pelvic inflammatory disease (PID)	663
Leiomyoma	553	Perinatology.	665
Leptin	554	Pituitary gland.	667
Lesbian, Gay, Bisexual, Transgender, and		Placenta	669
Queer (LGBTQ)	556	Plastic surgery	670
Liposuction	558	Polycystic ovary syndrome	676
Malignancy and metastasis	561	Polyps	678
Mammography	565	Postpartum depression	680
Mastectomy and lumpectomy	569	Postpartum depression in female veterans.	681
Mastitis.	573	Postpartum depression treatment:	
Masturbation	575	Psychosocial support.	683
Melanoma	576	Postpartum psychosis	686
Menopause	577	Posttraumatic stress disorder	689
Menopause and colorectal cancer	582	Posttraumatic stress disorder in military	
Menopause and depression.	584	service personnel.	692
Menopause and endometrial cancer.	586	Precocious puberty	697
Menopause and gallbladder disease	588	Preeclampsia and eclampsia	700
Menopause and hormone replacement		Pregnancy and gestation	702
therapy: Risk for cardiovascular disease.	589	Pregnancy and human immunodeficiency	
Menopause and hot flashes.	590	virus (HIV)	707
Menopause and obesity.	592	Pregnancy and smoking cessation	712
Menopause and oral conditions	594	Pregnancy and substance misuse.	714
Menopause and sexual dysfunction	596	Pregnancy test	719
Menorrhagia.	598	Premature (Preterm) birth.	721

SALEM HEALTH: WOMEN'S HEALTH

Premenstrual syndrome (PMS)	723	Sudden infant death syndrome (SIDS)	840
Prenatal care healthcare costs	725	Suicide	843
Prenatal substance exposure	727	Supplements	848
Prostitution	730	Syphilis	852
Psoriasis	734	Syphilis risk factors	854
Psychiatric disorders	739	Systemic lupus erythematosus (SLE)	856
Psychiatric disorders and aging	743	Thalidomide	860
Puberty and adolescence	745	Thyroid cancer	861
Pulmonary diseases	750	Thyroid disorders	862
Rape and sexual assault	757	Thyroid gland	864
Reproductive system	761	Toxic shock syndrome	868
Rotator cuff surgery	764	Transgender adults: Psychosocial issues	870
Same-sex adoption	768	Trichomoniasis	872
Same-sex transracial adoption	769	Tubal ligation	874
Scoliosis	771	Ultrasonography	876
Sexual assault aftercare	774	Umbilical cord	880
Sexual assault emergency assessment	778	Uremia	882
Sexual differentiation	780	Urinary disorders	883
Sexual dysfunction	784	Urinary tract infections	887
Sexual reassignment	787	Uterus	889
Sexual trauma in female veterans	790	Vaginal birth after cesarean (VBAC)	890
Sexuality	794	Vertigo	892
Sexually transmitted diseases (STDs)	800	Vision disorders	894
Sexually transmitted diseases risk factors	805	Von Willebrand's disease	898
Skin cancer	808	Weaning	901
Sleep apnea	810	Weight loss and gain	902
Sterilization	812	Weight loss medications	905
Stillbirth	816	Well-baby examinations	907
Stress	817	Yoga	909
Stress reduction	822		
Stroke rehabilitation: Taking care of the caregiver	824	Government Agencies	913
Stroke risks and protective factors	826	Crisis Organizations and Hotlines	915
Strokes	828		
Substance misuse treatment	835	Glossary	921
Successful aging	838	Category Index	961
		Subject index	967
